Attendees:

Jensen Khemchandani

Ronggang Cui

Matthew Sheydwasser

Peter Qui

Victor Nguyen

Tomas Peschke

Jashwanth

Leen Alzebdeh

Discuss Sprint 4 Tasks

Notes:

- Bugs to fix before starting new sprint tasks
 - Make sure that dashboard content is updated after completing forms / deleting
 - Use React 'props' with the dashboard as a 'parent'
 - For create org, create dev in a box, edit dev in a box, delete dev in a box - **Roman**
 - Create org request is returning 400 - Fix create org information - **Tomas**
 - Make all IDs with integer (number) - **Matthew**
 - Clean up typescript code to use strong typing and good standards - **Matthew**
 - *Make sure we use a Stripe form to collect credit card information - not our own form - handle redirects etc. - **Jensen**
 - Make login redirect to dashboard on success - **Jensen**

- Slider width is not working properly on dashboard - 50 users should fill the slider 100% - **Tomas**
- Make it so instances display only 3 per row - **Victor**
- Logout is hardcoded - backend - **Matthew**
- Make it automatically select the first org in your list on the dashboard - dashboard should never be with an empty org - **Leen**
- Remove [NOT IMPLEMENTED] text from stripe delete - **Victor**
- Dynamically change displayed role on dashboard depending on org selected

New action items and responsibilities:

1. Deploy what we have on main today
2. Start working on newly assigned tasks
3. Delete unused git branches - Ensure that we are using gitflow properly
